Relocated to what is now West Virginia in 1851

THE COMPENDIUM OF AMERICAN GENEALOGY states that Henry, along with his son John Wesley Campbell, served in the 11th WVa Regiment during the Civil War (I prefer to refer to this debacle as the War of Southern Secession, as this conflict was by no means CIVIL).

Henry T. Campbell and his son, John Wesley Campbell served in Company G, 11th West Virginia Infantry. Henry, a private, mustered into Company G, October 6, 1862 (3 years service) at the age of 44. John W. Campbell mustered in the same regiment May 23, 1862 (before his dad), for three years service at the age of 20. The bulk of this regiment was mustered in at Coalsmouth, Kanawha County. This Company represented the regiment that fought at Cloyd's Mountain, Lynchburg Campaign, Shenandoah Campaign, the siege at Petersburg (1865) and the Appomattox Campaign, present at Lee's surrender. In fact, they were the portion of the Army that fronted the rebels causing surrender.

MYRON G. CAMPBELL. Thirty years ago Myron G. Campbell was a wage earner in the coal mines. It was not long until he was promoted to superintendent, and from that he easily progressed into the ranks of operators. He was a pioneer in the development of the Gauley River field. His home has been in St. Albans for a number of years, and he is now owner of the principal public utility of that little city, the St. Albans Water, Light and Ice Company, of which he is president and general manager.

The service represented by this corporation was first established on a modest scale by the organization of the St. Albans Water and Light Company in 1907. This company erected a power house, constructed a reservoir and started delivering electric current and water on a small scale. The plant represented an investment of \$50,000. The owners of this company were W. E. and T. H. Mohler. In 1913 Mr. Campbell bought the business, and at once undertook enlargements and improvements that would permit a great expansion of the entire system. He ordered a light plant, enlarged the power plant, installed electric generators of larger unit capacity, but even now the demand for current is such that the plant can supply only about half, the rest being purchased from the Virginia Power Company. To the reservoir has been added a filtration plant, and the water works now have a daily capacity of 2,000,000 gallons. Mains have been extended four times the length of ten years ago. There are now about twenty-five miles of main, with thirty-three fire hydrants, and there are 750 water consumers and 400 light consumers. The ice plant has a capacity of twenty-two tons daily, and all is sold at wholesale for local consumption. At the present time this public utility has an investment of about \$200,000, and there are ten regular employees.

Myron G. Campbell was born at St. Albans in February, 1874. His father, John Campbell, was a cooper by trade. The mother, Adaline Calvert, was born at Maiden, and is now eighty years of age, living at St. Albans. Myron G. Campbell was only a boy when his father died, and with only a common school education he went to work in the coal mines at the age of seventeen. He was soon put in charge of a mining store, from that was advanced to superintendent, and at the age of twenty-eight began operating in the Gauley River field. He continued to give his personal supervision to his mining interests until 1913. As a coal operator he employed about 150 men and shipped six hundred tons daily. His brother, J. M. Campbell, and his brother-in-law, T. H. Mohler, were associated as partners in this industry, and from their three names they comprised the title of their company, known as the Gamoea Coal Company at Gacoma on the Gauley River. Around the mines they developed an industrial village containing eighty-five houses. The business was finally sold to the

Midvale Colliery Company. This firm did the first development of the coal east of the Gauley River.

Mr. Campbell is a director and vice president of the St. Albans Glass Company, and is a stockholder in both banks. He is a Knight Templar Mason and Shriner, and is affiliated with the Knights of Pythias and Independent Order of Odd Fellows.

He married Miss Virgie Tasker, of Montgomery, West Virginia. They have three children, all educated in the St. Albans High School: Albert, in the garage and transfer business at St. Albans; Nell, now a Senior in Northwestern University at Evanston, Illinois; and Grace, who is in her Senior year in Lewisburg Seminary.

Notes for Ralph Eugene Campbell:
Information provided by Stephen Campbell:

Ralph was born in St Albans, where he lived with his parents until they moved to Teays Valley . He married Flora F Dozier in 1941. They lived on Bills Ck. Rd. until they moved to Culloden, WV. They owned a 80 acre farm where they raised six children. During this time, Ralph worked for Barium Reduction Plant in South Charleston and farmed. In 1954, he had an operation for a cyst on his right lung. After this, it became necessary for him to give up farming. Family moved to Scott Depot , in the Summer of 1954, to the second house on the right on Rocky Step Rd. Prior to 1954, Ralph had become a Southern Baptist minister at the Bales Branch Baptist Church in Culloden. In 1960, the family moved for two years to Hurricane then back to Scott Depot. Due to the closing of Barium Reduction and the poor job market in WV, the family moved to Hyattsville, MD in 1965, where Ralph worked as a electrician until his retirement. On retirement, he and Flora moved to Gainesville, FL. Flora died as a result of a thyroid tumor in 1980 while visiting Hyattsville. Ralph remarried in 1984 to Ruth Caudill and they lived in Ocala, FL until his death in 1994 from a fall while visiting relatives in WV. He is buried in Teays Hill Cemetery with his wife and son.

Plot is on the right at the top of the hill. As of 1998 Ruth is living in Summerville, Fl.
